

MINOR LOCAL IMPROVEMENT WORKS

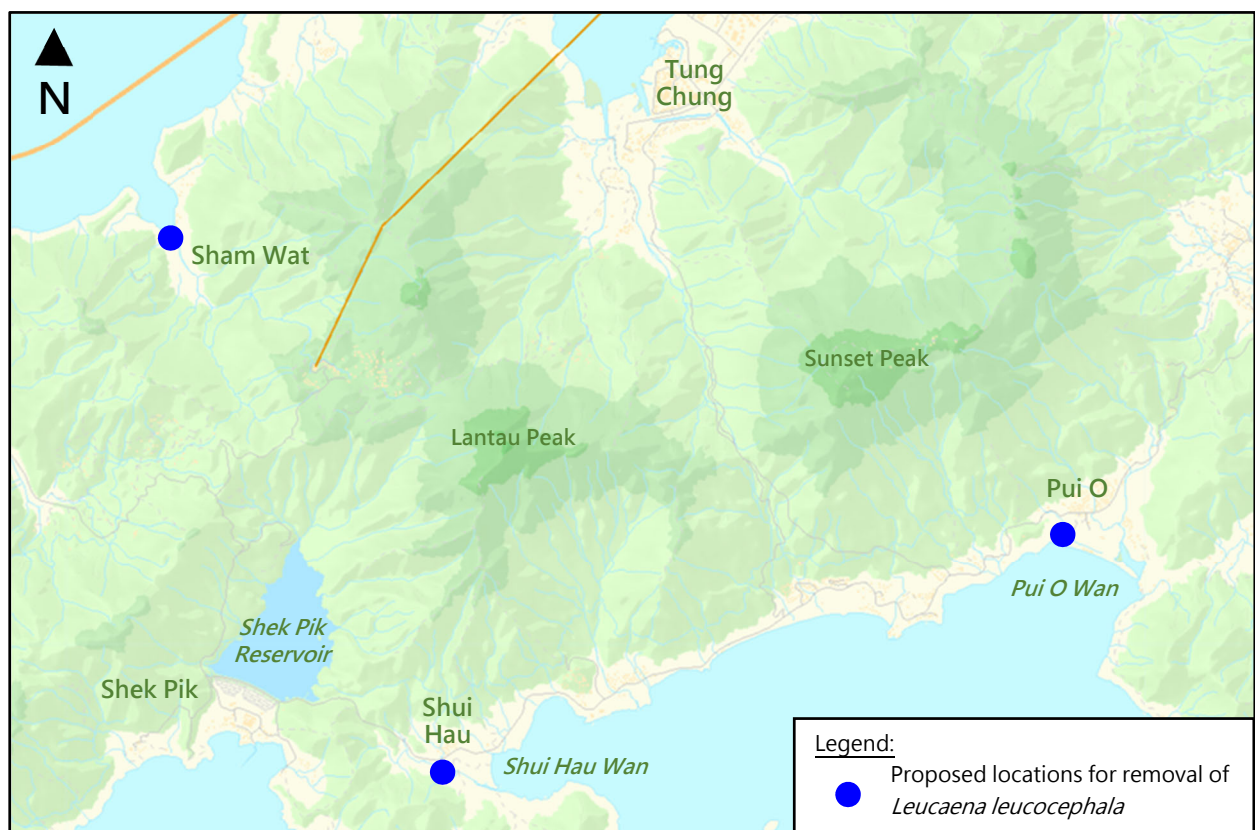

Project Department: Civil Engineering and Development Department

Project Title: Removal of *Leucaena leucocephala* in Sham Wat, Pui O and Shui Hau

Project Brief: *Leucaena leucocephala* is an invasive alien plant species which hinders natural succession of native plant species. A number of its populations are found at Sham Wat, Pui O and Shui Hau. The project aims to enhance the natural terrestrial habitats by removing the existing *Leucaena leucocephala* thereat.

Project Performance Target: Removal of 2,300 sq.m of *Leucaena leucocephala*

Project Layout Plan:

部門：土木工程拓展署

工程項目名稱：於深屈、貝澳及水口移除銀合歡

工程項目簡介：銀合歡屬於具入侵性外來植物物種，阻礙原生植物的自然演替。在深屈、貝澳及水口均有其種群分佈。本工程項目旨在移除銀合歡以改善該處的自然陸地生境。

工程績效目標：移除 2,300 平方米的銀合歡
