

MINOR LOCAL IMPROVEMENT WORKS

Project Department: Drainage Services Department

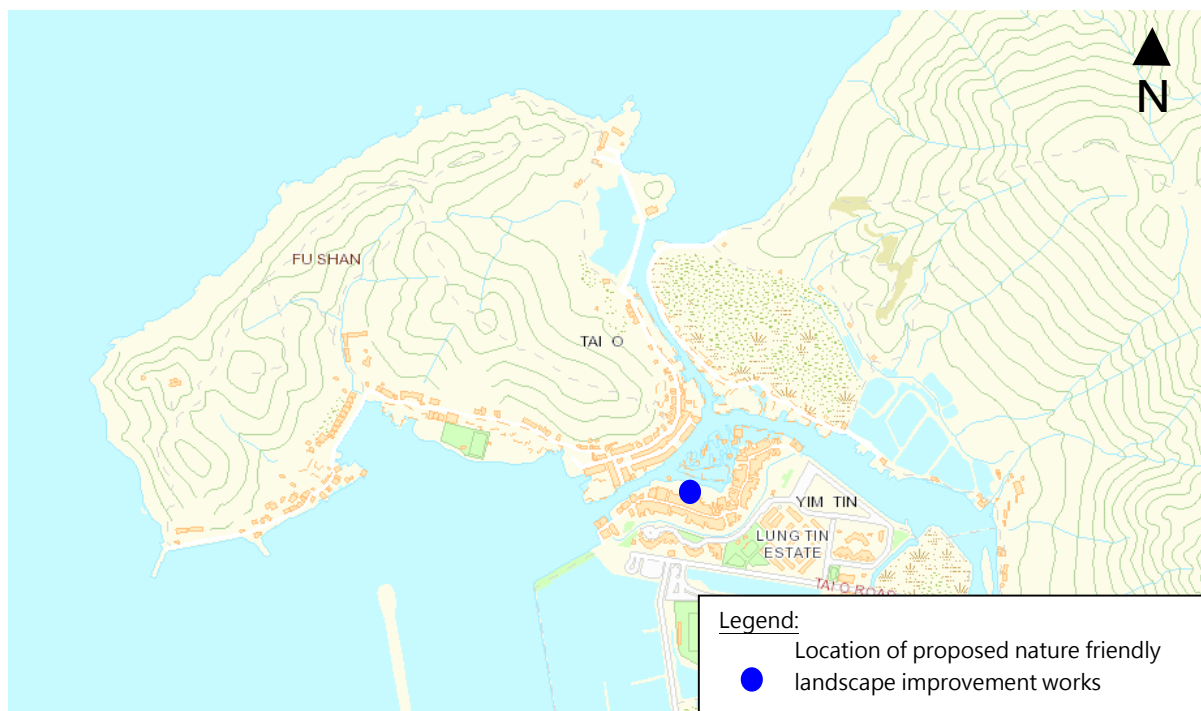

Project Title: Nature Friendly Landscape Improvement Works at Flood Barrier Storage Area at Yat Chung near Tai O No. 7 Stormwater Pumping Station, Tai O

Project Brief: The flood barrier storage area is integrated with the planters as part of the hard landscape works. There is an opportunity to enhance the aesthetic of the storage area, by improving the existing planters by planting various plant species and enhancement of the hard landscape works. This project aims at providing larval food plants and nectar plants to attract butterflies in the storage area, enhancing the livelihood of Tai O residents and the beautification of DSD facilities.

Project Performance Target:

- (1) Increase numbers of butterfly larval food plant species in the planter area
- (2) Increase numbers of butterfly species in the planter area

Project Layout Plan:

小型地區改善工程

部門：渠務署

工程項目名稱：大澳一涌近七號雨水抽水泵房擋水板存放區環境改善工程

工程項目簡介：大澳的擋水板存放區與花槽設計為一體化結構。透過種植多樣植物和優化存放區設施，提升整體的美觀性。本項目會於花槽種植幼蟲食用植物和蜜源植物，以吸引蝴蝶，同時改善大澳居民的生活環境，並美化渠務署設施。

工程績效目標：

- (1) 增加花槽裡的蜜源植物物種數量
- (2) 增加花槽範圍的蝴蝶物種數量
